

Your individual Salad!

Our "Von der Motte"-way: We like to give preferred attention to products out of our region. But this means as well that eventually not all products are always available as we look on our four seasons which dictate availability.

But this order menu is easy to handle - just mark the list of ingredients you like to have in your salad - dictated after your own personal taste. (One salad menu per person) and then wait for your gourmet salad designed by our chefs in the kitchen. We wish you all to enjoy your meal!
